LIABILITY: Children are NOT allowed to have or use any personal electronic devices/cell phones/gaming/music devices/personal items while at the Center. All personal items MUST be kept in or near the child's book bag/backpack/bag/cubby and removed from the property at the time of pickup. The Center is not responsible for lost, stolen, or damaged personal items.

WEEKLY TUITION: Weekly tuition fees are always due in advance on the first business day of each week. Any payment received after 6:00 p.m. on Tuesday will incur a mandatory \$5.00 late fee. Late fees will be charged for every week tuition has not been paid. Tuition is due each week regardless of attendance. Any payment not received by 6:00 p.m. on Wednesday will mean no further attendance until all fees, including late fees, are paid in full. Full tuition fee is due every week regardless of absences during the week.

ABSENCES: Please notify the Center in the event your child will be absent, especially if your child is a school-age child. This will help us account for all children at roll call and school-age after-school pick-up so valuable time is not spent trying to locate a child that is absent. Your weekly tuition fees are always due in full and in advance each week, regardless of absence. Even if your child is out all week, you still pay your weekly tuition. You are securing your child's slot.

FUNDING: Parents on a funding source are responsible for keeping their child's funding certification current and paying for any days not covered by their funding source. This could be due to excessive absence or other. Please see your counselor to find out how many days of absence will be covered by the funding program you are on. Your account will be billed for any fees not covered by the funding source and these fees are from \$9.00 to \$25.00 per day, per child.

SIGN-IN AND OUT POLICY: I understand it is my responsibility as parent or guardian bringing my child to the center, or picking my child up from the center, to sign-in and sign-out on the sign in/sign out form. I also understand when someone is picking up my child that he or she must have proper identification, be at least 16 years of age, be on the pick-up list and must sign my child in or out upon bringing or picking up my child to or from the center. I understand that if my child remains more than 10 hours between the hours of 6:30 a.m. and 6:00 p.m., there is an additional fee of \$2.00 per hour, per child charged and that I am responsible for paying these additional fees.

LATE PICK-UP: I understand there is a \$1.00 per minute, per child, cost for any child who is not picked up by 6:00 p.m. each day and that excessive late pick-ups (4) may result in my child being withdrawn from the center. I understand that late pick-up fees are due immediately or by the next day my child returns or my child may not return until all fees are paid in full. I also understand that this facility operates on a 10 hour maximum time schedule on full-days. I understand that if my child remains more than 10 hours between the hours of 6:30 a.m. and 6:00 p.m., there is an additional fee of \$2.00 per hour, per child charged and that I am responsible for paying these additional fees.

PHOTOS AND MEDIA PUBLICATIONS: Our organization may occasionally take pictures and videos of the children playing or doing different activities, or video talent shows, plays, or parent/child special events. Some pictures are used to make special art projects or may occasionally be posted throughout the center and/or be posted in one of our newsletters, publications, or advertisements. If you do not want your child to be photographed/videoed, please check the appropriate box below so your child's file can be flagged for NO PICTURES. - If your account has not been paid in full, including late fees by Wednesday, 6:00 p.m. then your account will be suspended and your child will not be able to return to the center until your account has been paid in full. Excessive late payments can result in your child being dropped from the program. We consider 5 times to be excessive. There is no grace period for the last week of school.
- Parents on a funding source are required to keep their funding certificate current and for paying any and all fees not covered by their funding source.
- You must notify the center site manager one week in advance and in writing if you chose to withdraw your child from the program or your account will be charged the full regular tuition fee.

Only money orders or a certified check are accepted as payment and must be paid in full, including tuition, returned fee, and late fee within 24 hours of being notified. If returned checks are left unpaid, your child care will be suspended until all fees are paid in full. Any late fees or returned check fees incurred will not be waived for any reason.
- Weekly tuition fees are still due if your child care is suspended for any reason; this will hold your child's spot until they return. You may choose to withdraw your child until account is paid in full. The return check fee will not be waived for any reason.

ACKNOWLEDGMENT OF, AND HOW TO PREVENT, SHAKEN BABY SYNDROME (SBS)

Abusive head trauma (AHT), commonly known as **Shaken Baby Syndrome (SBS)**, inflicted head injury, or whiplash shake syndrome — is a serious brain injury to a child's head caused by someone else forcefully shaking an infant or toddler 5 years old and younger. SBS is one of the leading causes of death in infants. Parents and caregivers should learn to cope and identify the reason for a baby's cry. If a baby is shaken it can cause permanent brain damage, paralysis, blindness, broken bones and death. The most important tool parents and caregivers have is education and awareness. Shaken baby syndrome is preventable. Help is available for parents who are at risk of harming a child. Parents and caregivers can also educate others about the dangers of shaken baby syndrome. Shaken baby syndrome symptoms and signs can include: Extreme fussiness or irritability, Difficulty staying awake, Breathing problems, Poor eating, Vomiting, Pale or bluish skin, Seizures, Paralysis, Coma. Babies may also become less interested in eating, have trouble sucking, and stop smiling and talking. Sometimes you can stop the crying by rubbing the baby's back, singing, using "white noise" from an app or the sound of running water, taking a walk, or using a pacifier. Sometimes nothing seems to work. That's when you especially need to manage your feelings. Shaken baby syndrome is 100% preventable. It starts with making sure all the baby's caregivers -- parents, grandparents, baby-sitters, nannies, preschools, etc. -- understand two things: 1. The dangers of shaking a baby, even for a few seconds. 2. That babies cry a lot at first. The National Center for shaken baby syndrome calls it **PURPLE** crying:

Peak pattern: At 2-3 months old, babies cry the most.

Unpredictable: Crying starts and stops without reason.

Resistant to soothing: Nothing stops the crying.

Pain-like look on face: When babies cry, they look like they're in pain, even if they're not.

Long bouts of crying: Babies can cry for hours at a time.

Evening crying: Some babies cry more in the afternoon and evening.

By signing, I affirm that I have read, understand, and acknowledge the above facts, signs and symptoms of Shaken Baby Syndrome (SBS).

IN CASE OF EMERGENCY EVACUATION

In the event of an emergency where the children at the Center were to be evacuated, the Center will follow the City/County Emergency Evacuation Plan. The Center does not transport children in an evacuation, therefore, emergency and volunteer transportation would be used.

Each City/County has its own evacuation location. Here at the center we have practice drills to help the children be prepared in the event of an emergency. These evacuation drills, help to ensure that students can be moved to safety for any of a number of scenarios. Emergency drills include Fire drills, in the event there is a fire and the children need to exist the building. Weather drills, to ensure that students stay safe from acts of nature such as severe weather and flooding. Shelter-in-place drills to protect students from contaminants and other hazardous materials. Lockdown drills, to ensure that students can safely take cover when an internal threat exists, and that they are ready to take further action should it be needed.

Also, in the event the children were to have to leave the entire campus and evacuate to a safer place off site, the center will follow the emergency system set in place at the time according to the city/country emergency system.

I have read and fully understand and acknowledge the Emergency Evacuation Plan of this Center will be to follow the Emergency Evacuation Plan of each school. I understand that the Center does not transport children and the emergency evacuation transportation would be provided by the Emergency System in place or by Volunteer transportation at the time of emergency.

2024-2025 CHILD ENROLLMENT - REGISTRATION APPLICATION

(CONTINUED - PAGE 5 of 8)

Legal Guardian please initial here that you have read and agree to this policy: _____

MEDICATION POLICY

WE DO NOT GIVE ANY KIND OF MEDICATION. If your child needs medication, you will have to make arrangements to give the medication during your lunch hour, before and or after school. This includes breathing treatments. 911 will be called for emergencies. The center cannot transport your child to a medical facility.

Legal Guardian please initial here that you have read and agree to this policy: _____

ACCIDENT INSURANCE POLICY

Your registration fee pays for an accident insurance policy in case your child gets injured while at the center. Our policy is an "excess coverage" policy which means that your primary insurance must pay first. This insurance will pay for most charges not covered by your primary insurance company. However the parent or guardian will be responsible for paying any fees not covered by insurance.

Legal Guardian please initial here that you have read and agree to this policy: _____

HOLIDAYS / CENTER CLOSED / FULL DAY INFORMATION

The center will be closed on all major holidays which include: New Year's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving and the day after, Christmas Eve and Christmas Day. **If the holiday falls on the weekend:** If the holiday falls on Saturday then the center will be closed on Friday before and if the holiday falls on a Sunday then the center will be closed on Monday after. Note: We are sometimes closed due to severe storm warnings. If the public schools are closed then we may also be closed. You can usually get this information from your local news or weather station or if time allows you will be notified by the center director. Parents or Guardians are responsible for obtaining alternate care for their children when the center is closed.

Legal Guardian please initial here that you have read and agree to this policy: _____

HOURS OF OPERATION / LATE PICK-UP POLICY

During normal operation, the center is open from 6:30 a.m. until 6:00 p.m. Monday thru Friday. Please be sure to notify the center if you may be late picking up your child. You should notify the center if your drop off or pick up time changes. There is a (10) hour time frame that your child can be at the center each day. If your child is left at the center between the hours of operation for more than 10 hours during the day, you will be charged a non-prorated fee of \$2.00 per hour, per child after the first 10 hours of care. There is a late fee of \$1.00 per minute, per child, starting at 6:01 p.m. and excessive late pick ups may result in your child being dropped from the program. If a parent or guardian has not picked up their child/children by 6:20 p.m. and no one has called to say they will be late and/or the center is unable to locate someone on the child's pick-up list to pick up the child, the Department of Children and Families and Local Police or Sheriff's Department will be called to pick-up the child/children.

Legal Guardian please initial here that you have read and agree to this policy: _____

ABSENCES

Weekly tuition fees are due in full each week regardless of absence, holiday or even if your child is absent all week. This secures your child's slot at the center. If a parent is on a state grant, funding source or scholarship for child care fees, that child should be at the center everyday unless an emergency or illness occurs. Most funding sources will only cover from 1 to 3 days of absence per calendar month. Depending on the funding source your child is on, if the child is absent more than the allowable days, for whatever the reason may be, the parent will be responsible for paying the regular tuition fees for the days absent. In some cases a absentee waiver can be signed, along with a doctors note or a letter of explanation from the parent due to an emergency to cover extra days absent. However, this does not guarantee payment from the funding source. Therefore, the parent may still be required to pay the regular tuition not paid by the funding source. These fees are from \$9.00 to \$25.00 per day, per child. Private paying parents are also required to pay full weekly tuition rates, regardless of absence or holidays. Parents/Guardians are responsible for renewing and/or keeping their funding certificate valid at all times while in attendance at the center.

Legal Guardian please initial here that you have read and agree to this policy: _____

INCOME TAX STATEMENTS

The center does not issue end of the year income tax statements. It is the responsibility of the parent or guardian to keep your canceled check, money order or cash receipts for your end of the year balance. We will gladly give you a receipt at time of payment if you ask, no matter what form of payment you choose, however you must ask and get your receipt at the time of payment as we do not back log receipts.

Legal Guardian please initial here that you have read and agree to this policy: _____

NUTRITION AGREEMENT STATEMENT

You have been provided with a Nutritional Guidelines Sheet and pertinent nutritional/dietary information for each child's age group. See the parent information sheet on nutritional guidelines. What is the influenza (flu) virus?

Influenza ("the flu") is caused by a virus which infects the nose, throat, and lungs. According to the US Center for Disease Control and Prevention (CDC), the flu is more dangerous than the common cold for children. Unlike the common cold, the flu can cause severe illness and life threatening complications in many people. Children under 5 who have the flu commonly need medical care. Severe flu complications are most common in children younger than 2 years old. Flu season can begin as early as October and last as late as May.

How can I tell if my child has a cold, or the flu?

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose, and sore muscles. Some people, especially children, may also have stomach problems and diarrhea. Because the flu and colds have similar symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections, or hospitalizations.

INFLUENZA VIRUS

**"The Flu"
A Guide
for Parents**

During the 2009 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes provide parents with information detailing the causes, symptoms, and transmission of the influenza virus (the flu) every year during August and September.

What should I do if my child gets sick?

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

CALL OR TAKE YOUR CHILD TO A DOCTOR RIGHT AWAY IF YOUR CHILD:

- Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast
- Has skin that looks blue
- Is not drinking enough
- Seems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- Has other conditions (like heart or lung disease, diabetes) that get worse

How can I protect my child from the flu?

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine yourself.

What can I do to prevent the spread of germs?

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions. To prevent the spread of germs:

- Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.
- Limit contact with people who show signs of illness.
- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

When should my child stay home from child care?

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group setting until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.

FACTS ABOUT HEATSTROKE:

It only takes a car **10 minutes to heat up 20** degrees and become deadly.

Even with a **window cracked**, the temperature inside a vehicle can cause heatstroke.

The body temperature of a child increases **3 to 5 times faster** than an adult's body.

⚠️ PREVENTION TIPS:

- Never leave your child alone in a car and call 911 if you see any child locked in a car!
- Make a habit of checking the front and back seat of the car before you walk away.
- Be especially mindful during hectic or busy times, schedule or route changes, and periods of emotional stress or chaos.
- Create reminders by putting something in the back seat that you will need at work, school or home such as a briefcase, purse, cell phone or your left shoe.
- Keep a stuffed animal in the baby's car seat and place it on the front seat as a reminder when the baby is in the back seat.
- Set a calendar reminder on your electronic device to make sure you dropped your child off at child care.
- Make it a routine to always notify your child's child care provider in advance if your child is going to be late or absent; ask them to contact you if your child hasn't arrived as scheduled.

During the 2018 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes to provide parents, during the months of April and September each year, with information regarding the potential for distracted adults to fail to drop off a child at the facility/home and instead leave them in the adult's vehicle upon arrival at the adult's destination.
